

Risk Advisor

This is an opening for a person with exceptional relationship skills to lead the enterprise-wide Risk Management for The Treasury. The role will be to:

- Lead risk management, business continuity, and assurance processes across The Treasury; and
- Facilitate and roll-out an enterprise-wide practical and easy to understand Risk Management Framework

The Risk Advisor reports to the Manager Policy & Organisational Strategy and Office of the Executive and works closely with the Chair of the Risk and Audit Committee. Along with the RM framework you will work with the legal team to progress the compliance and enterprise-wide assurance programme.

You may have had experience leading an audit or risk management function for a large organisation or worked as a senior audit associate for a major consulting firm, which has given you:

- Understanding of current risk management methodology, including ISO 31000:2009
- A reputation for developing a climate of innovation, collaboration, change and adaptation Strategic thinking and ability to reason, influence, earn respect, and to deal with conflicting priorities
- Tested capacity for significant work priorities and able to work independently and with multiple complex ideas
- A proactive approach towards improving services, solving problems, and supporting organisational change

You will have a relevant tertiary qualification and knowledge of how the public sector operates.

We offer you:

- A lively and supportive team environment with challenging and interesting issues to address, working on projects that will have an impact on the lives of New Zealanders
- A collaborative work environment where you will interact with a stimulating range of influential people, both in the wider Treasury environment and with external stakeholders
- Genuine opportunities to further develop your experience; including a dedicated development centre to further your ongoing training requirements
